

11. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

12. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

13. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

14. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

15. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

16. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

17. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

18. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

19. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

20. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

21. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

22. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

23. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

24. The member is subjected to a uniformly distributed load of 10 kN/m over its entire length. Determine the reactions at the supports.

This image shows a blank sheet of white paper with horizontal ruling lines. A single diagonal line runs from the top left towards the center. The paper has a slightly textured appearance with some minor blemishes and shadows along the edges.
